USYVL - NET HEIGHTS

Net Height Instructions & Tutorial

Each Park & Sun Net System has:
Three pins marked by numbers: 1, 2, 3
Three pin slots marked by letters: A, B, C

Net height is adjusted accordingly using the numbered pins and corresponding lettered slots. See below:

Lettered Pin Slots:

A

B

C

Numbered Pins:

3

2

1

1A

Net Height for 1A:

Place/move pin number 1 to letter slot marked A
(See diagram to right)

1B

Net Height for 1B:

Place/move pin number 1 to letter slot marked B
(See diagram to right)

1C

Net Height for 1C:

Place/move pin number 1 to letter slot marked C
(See diagram to right)

2A

Net Height for 2A:

Place/move pin number 2 to letter slot marked A
(See diagram to right)

2B

Net Height for 2B:

Place/move pin number 2 to letter slot marked B
(See diagram to right)

2C

Net Height for 2C:

Place/move pin number 2 to letter slot marked C
(See diagram to right)

3A

Net Height for 3A:

Place/move pin number 3 to letter slot marked A
(See diagram to right)

3B

Net Height for 3B:

Place/move pin number 3 to letter slot marked B
(See diagram to right)

3C

Net Height for 3C:

Place/move pin number 3 to letter slot marked C
(See diagram to right)
